

Identity Property of Addition

Adding zero to any number does not change the number.
For example, $7+0=7$.

Circle the number sentences that show the identity property.

$$5 + 0 = 5$$

$$5 + 5 = 10$$

$$20 + 0 = 20$$

$$4 + 1 = 5$$

$$10 + 1 = 11$$

$$0 + 17 = 17$$

$$0 + 11 = 11$$
