

# ROBOT MAZE

Mr. Robot needs to be repaired.

Trace his path to the Repair Station through the shapes showing  $\frac{1}{3}$ .

The maze starts with a blue robot at the top left. The path is defined by shapes that are 1/3 shaded in various colors: purple, red, blue, green, yellow, and red. The path leads through a lightbulb, a circle with three gears (green, red, blue), and a yellow diamond, ending at a red repair station labeled 'REPAIR STATION' at the bottom right.
