

Rounding Healthy Choices: Exercise

Help these kids meet their health goals through exercise by rounding the numbers to the nearest hundred. Remember to pay attention to the number in the tens place to know whether to round up or down. Trace through the numbers that can be rounded to 200.

150 195 201

Start 149 245

138 255 140 285 222

190 171 215 189 155

202 295 250 270 100
