

Sort the Same Group

2 different ways: Animals

Look at the animals. Sort them by animal type. Then, sort them by size. Trace on the dotted lines to sort the animals.

This section shows a sorting activity by animal type. On the left is a blue rounded rectangle labeled "Lions" with two lion illustrations. On the right is a yellow rounded rectangle labeled "Bears" with two bear illustrations. In the center, there are three rows of animals: a large bear, a small lion, and a large lion. Each row has a horizontal dotted line with arrows at both ends, intended for tracing to move the animal to the correct category.

This section shows a sorting activity by size. On the left is a red rounded rectangle labeled "Big Animals" with a large lion illustration. On the right is a purple rounded rectangle labeled "Small Animals" with a small lion and a small bear illustration. In the center, there are three rows of animals: a large bear, a small lion, and a large lion. Each row has a horizontal dotted line with arrows at both ends, intended for tracing to move the animal to the correct category.
