

Shape Maze

Kira drew a shape with 8 vertices. What shape did she draw?
Lead her through the maze to the correct figure.

The maze is constructed from various colored pencils. It starts at the top left and leads to three possible destinations:

- Octagon:** A red octagon is shown on a notepad held by a girl. The path to it consists of pencils forming a square with an internal vertical line and a horizontal line across the middle.
- Pentagon:** A red pentagon is shown. The path to it consists of pencils forming a square with a horizontal line across the middle.
- Hexagon:** A red hexagon is shown. The path to it consists of pencils forming a square with a horizontal line across the middle and a vertical line on the right side.
