

Bee Maze: Rounding

If the number in the ones place is **5 or greater** round up like 57 rounds to 60

If the number in the ones place is **4 or less** round down like 54 rounds to 50

Help the Bee get to his bee hive. He can only move through numbers that round to 50.

The maze consists of yellow hexagonal cells. The starting point is a bee in a cell with the word "start" below it. The ending point is a beehive in a cell with the word "finish" below it. The numbers in the maze are: 51, 44, 42, 53, 40, 60, 58, 47, 49, 48, 41, 59, 56, 46, 57, 50.
