

Area Formula

Area is the measurement of square units inside a shape.

$$\text{Area} = \text{length} \times \text{width}$$

Follow the clues and find the area of the shapes below.

Length of baseball field =

5 15 2 10

Width of baseball field =

10 1 5 15

Area of baseball field =

25 15 10 35

Length of swimming pool =

6 12 2 24

Width of swimming pool =

4 1 6 10

Area of swimming pool =

24 10 12 36
