Meet the funny aliens. Count by threes and circle the correct number.

The exercise consists of a sequence of alien characters holding signs with numbers. The sequence starts with a yellow alien holding a sign with the number 3, followed by a purple alien holding a sign with the number 6. Green arrows point from the 3 to the 6, and from the 6 to a box containing 9 and 10. A green alien then holds a sign with 14 and 15, with a green arrow pointing from the 10 to the 14. An orange alien holds a sign with 11 and 12, with a green arrow pointing from the 12 to the 11. A green alien holds a sign with 18 and 16, with a green arrow pointing from the 16 to the 18. Finally, a purple alien holds a sign with 21 and 23, with a green arrow pointing from the 23 to the 21.
