

# CONSTRUCTION SHAPES

Trace on the line to the 3D shape that matches the picture in the middle.

Activity 1: A yellow steamroller is shown in a blue square. A worker points to it. Dashed lines connect it to a green hexagonal prism on the left and a yellow cylinder on the right.

Activity 2: A red recycling bin is shown in a blue square. A worker points to it. Dashed lines connect it to a yellow cube on the left and a teal triangular prism on the right.

Activity 3: A yellow crane with a black counterweight is shown in a blue square. A worker points to the counterweight. Dashed lines connect it to a teal cylinder on the left and a yellow pyramid on the right.

Activity 4: A yellow crane lifting a wooden beam is shown in a blue square. A worker points to the beam. Dashed lines connect it to a yellow cylinder on the left and a green rectangular prism on the right.

Activity 5: A yellow traffic cone is shown in a blue square. A worker points to it. Dashed lines connect it to a green triangular prism on the left and a yellow cone on the right.
