

# Solution Matching: Hobbies

## (Part II)

Check the number sentence that matches each word problem.

Ann made 9 cakes for her mom. She made 2 more cakes for her friends. How many cakes did she make in total?

$9+2=10$

$9-2=7$

$9+2=11$

$11-2=2$

Roger and Dan were drawing monsters. Roger drew 8 monsters and Dan drew 5 monsters. How many more monsters did Roger draw than Dan?

$8+5=13$

$8-5=3$

$5-8=3$

$3+8=11$
