

# POND TROUBLE

SCHOOL

The water at the pond next to the school keeps flooding. The students in the school are trying to figure out what is going on. They observe that there seems to be a bunch of logs and twigs in one area of the pond and many small trees are cut down. What is a good guess about the cause of the flooding?

**too much  
rain**

**beavers are  
building a dam**

**sticks are  
getting stuck  
in the pond**

## Worksheet Answer Key.

Scan the QR code to get the answer key for this worksheet. In it, you'll also find an explanation of how to solve the worksheet and additional learning resources.

## Complete this worksheet online.

Scan the QR code below to open this interactive worksheet!

Let your child learn and play! The worksheet comes with a professional voice over of the task, and will be automatically checked and scored upon completion. Your child will also get suggestions of similar activities.

You can open this online worksheet in any browser and on any device. NO registration or app installation is needed to start learning. Just scan the QR code and there you are!
