

STARFISH: True or False?

1. Read about starfish.

Many starfish, or sea stars, have five arms. Some have many more arms! If a starfish loses an arm, it can grow another.

We often see **brown** or **orange** starfish. Others can be **blue** or **red**. They do not have a **heart**, but they do have an eye on each of their **arms**!

2. Check **true** or **false** for each sentence.

true

false
