

the Three Branches of Government

Just like the 3 branches of the United States government work together to run the country, addition and subtraction can work together to help you find a missing part of an equation. Circle the number that correctly completes each number sentence to see the relationship between addition and subtraction.

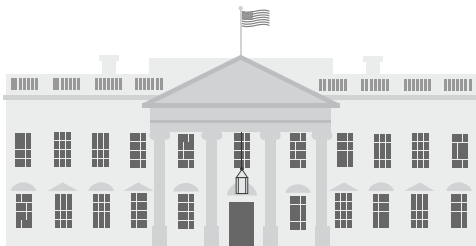

$$17 + ? = 123$$
$$123 - 17 = ?$$

106

53

116

$$93 + ? = 265$$
$$265 - 93 = ?$$

233

172

232

$$47 + ? = 128$$
$$128 - 47 = ?$$

81

107
