

# Water Division Word Problems

Check the correct answer to the word problem.

**1.** Jackson and his family went to the beach. When his mother dumped out the sand toys, there were **6** buckets for Jackson to share with his sister. If the **2** children each took the same number of buckets, how many buckets did each child take?

**2.** Kiera and her 3 sisters were looking for crayfish in a stream. At the end of the day, the **4** girls found **20** crayfish. If they each caught the same number of crayfish, how many did each girl catch?
