

Scottish Sewing MATH

Oliver and his sister Aileen want to sew their own traditional Scottish clothing. They need enough of each fabric to sew clothes for them both. Help them get enough fabric by checking the **greater** fraction model in each comparison.

 $\frac{3}{4}$  $\frac{3}{5}$  $\frac{6}{12}$  $\frac{6}{8}$  $\frac{5}{7}$  $\frac{5}{9}$
