

World Traveler

Inez loves to travel! She has traveled all over the world. Help her figure out what fraction of the world's oceans and continents she has visited so far. Look at the shaded or colored sections.

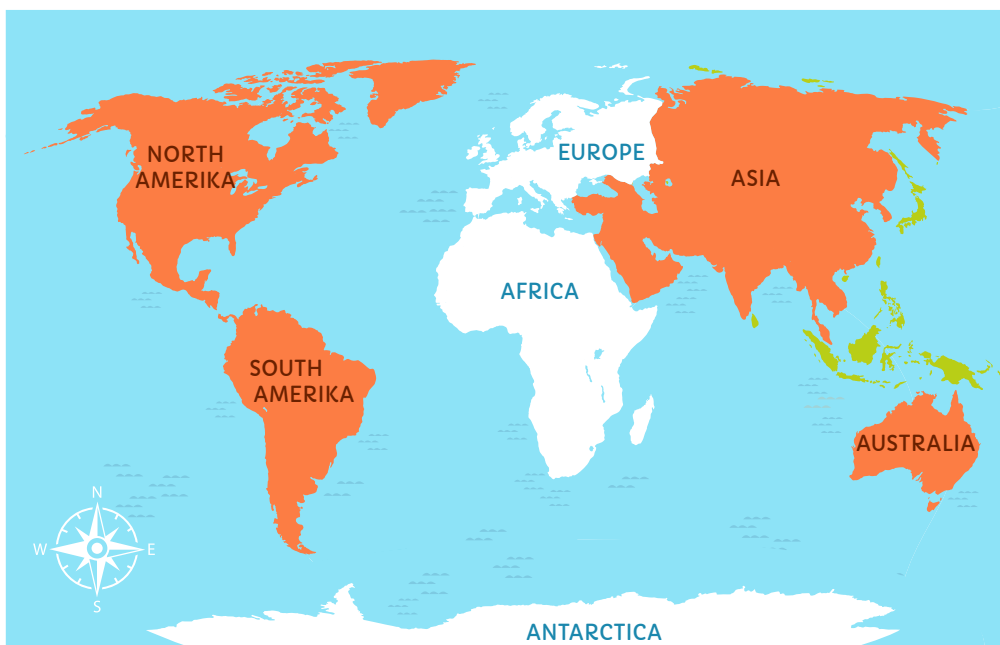

1. What fraction of the world's oceans has she sailed across?

$\frac{3}{5}$

$\frac{4}{5}$

2. What fraction of the world's continents has she visited?

$\frac{2}{7}$

$\frac{4}{7}$
