

Famous American Inventors

Many inventions made our life more interesting and comfortable. Thomas Edison decided to use electricity to illuminate houses and invented in 1879 an electric light bulb. Alexander Bell's studies of sound helped him invent the first ever telephone in 1876. In 1903 the Wright Brothers constructed and tested the first airplane. Samuel Morse created the famous code for sending signals over a long distance.

Match famous inventors with their inventions. Trace the dotted lines.
