

Addition at the Zoo

Look at the picture and solve the word problems.

Check the equation that matches the picture.

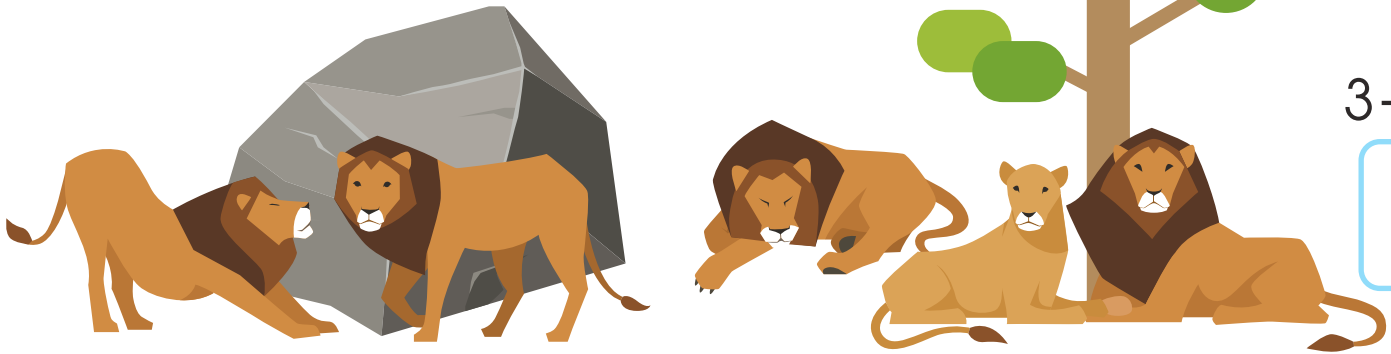

1. **3 lions** were lying under the tree.

2 lions were sitting by the rock.

How many lions were there in total?

$3+2=5$

$3+1=4$

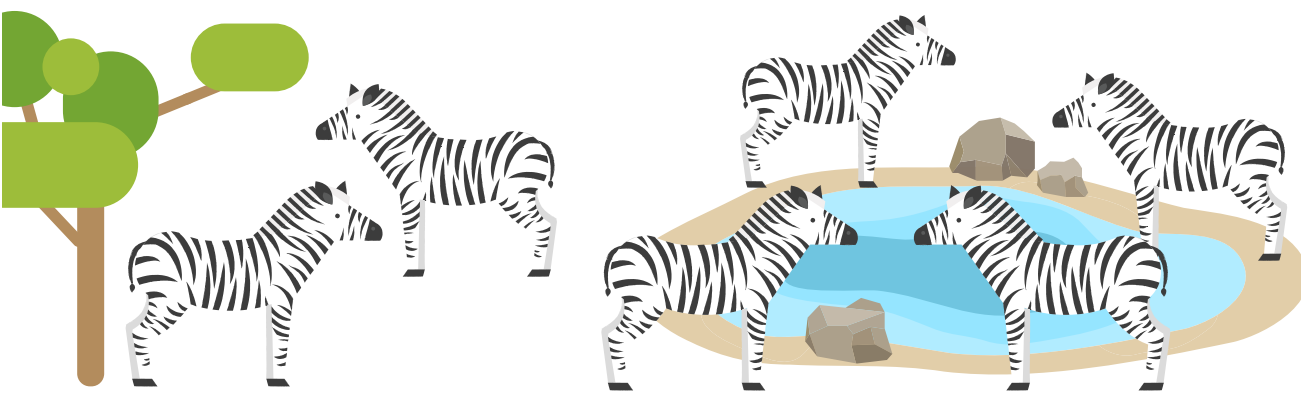

2. **2 zebras** were standing by the tree.

4 zebras were standing by the pond.

How many zebras were there in total?

$4+3=7$

$4+2=6$

3. **5 monkeys** were swinging in a tree.

3 monkeys were on the ground. How many monkeys were there altogether?

$5+3=8$

$6+3=9$
