

Finding Corners

A corner is where 2 sides (straight lines) meet.
Check the box next to the corners on each shape.

The worksheet contains four shapes, each with small blue boxes placed at its corners for marking. The shapes are:

- An orange square with four boxes at its corners.
- A blue circle with four boxes placed around its perimeter.
- A green triangle with three boxes at its vertices.
- A purple rectangle with eight boxes at its corners.

Finding Corners

A corner is where 2 sides (straight lines) meet.
Check the box next to the corners on each shape.

Worksheet Answer Key.

Scan the QR code to get the answer key for this worksheet. In it, you'll also find an explanation of how to solve the worksheet and additional learning resources.

Complete this worksheet online.
