

Sort the Same Group

2 different ways: Animals

Look at the animals. Sort them by animal type. Then, sort them by size. Trace on the dotted lines to sort the animals.

Sorting by animal type. A central column of five animals is shown: a large brown bear, a small lion, a large lion, a small brown bear, and a very small brown bear. Horizontal dotted lines with arrows at both ends extend from each animal to two target boxes on the sides. The left box is blue and labeled 'Lions', and the right box is yellow and labeled 'Bears'. The large lion is positioned between the two boxes, while the other animals are positioned above or below the dotted lines.

Sorting by size. A central column of five animals is shown: a large brown bear, a small lion, a large lion, a small brown bear, and a very small brown bear. Horizontal dotted lines with arrows at both ends extend from each animal to two target boxes on the sides. The left box is red and labeled 'Big Animals', and the right box is purple and labeled 'Small Animals'. The large lion is positioned between the two boxes, while the other animals are positioned above or below the dotted lines.
