

The Movement Maze

There are many words that mean "to move". Trace a line through all of the action words that help the boy move.

The maze consists of a series of light green circles connected by a dashed blue line. The path starts at a red circle labeled 'start' and ends at a red circle labeled 'finish'. The path goes through the following circles: 'hop' (boy jumping), 'slide' (boy on a red slide), 'swing' (boy on a swing), 'sit' (boy on a bench), 'dance' (boy dancing), 'run' (boy running), 'jump' (boy on a trampoline), and 'watch TV' (boy watching a UFO on TV). The words 'sleep' and 'read' are not on the path. A butterfly is also present in the maze.

start

hop

slide

swing

sit

read

sleep

dance

run

jump

watch TV

finish
