

# Weather Every Day

Listen to the poem about the weather. Check all of the words that tell you about what kinds of weather you may see.

Each and every day,  
When you go outside to play,  
You might notice the weather.

Some days it's **cloudy** and **rain** falls from the sky.  
Some days it is cold and you can see **snow** falling close by.  
Some days the **wind** will blow with all of its might.

Other days the **sun** will shine oh so bright.

Each and every day,  
We notice the weather when we play.
